1. In connection with the proposal contained in Paragraph 2, Reference, we recently requested [ ] through NEWHAM an [ ], to furnish us with an inventory of DTLINE real property purchased with KUBARK funds. The former submitted a rather comprehensive list of the inventory as of 31 March 1955, which is forwarded under separate cover as Attachment 4. You will note that KUBARK has a property equity in DTLINE of over 35,000 DM.
2. In Reference above we reported the statutory provisions applicable re disposition of property in the event DTLINE is dissolved. To protect KUBARK's equity, we propose to have Newham sign a declaration of trust covering all items listed in Attachment 4. This provision should enable KUBARK to exercise its claim thereon before any German agency or government office can take legal possession.
